

Mazatrol Viewer add-on for CIMCO Edit 5

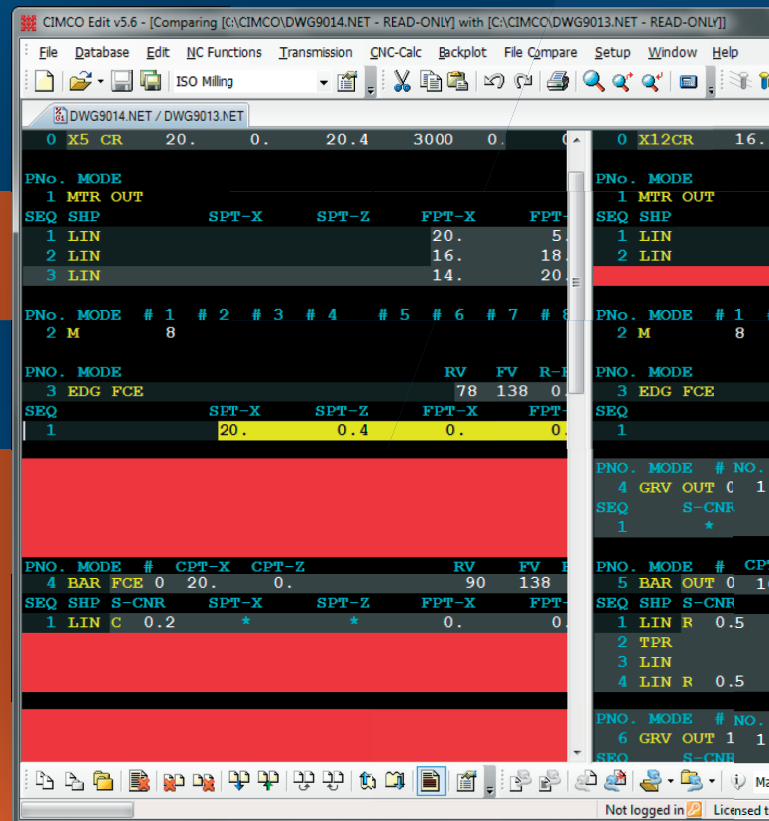

The easiest and most cost effective way to view Mazatrol Program files at your PC.

CIMCO Edit 5 immediately delivers the following cost efficient advantages to your business:

- Save time by viewing the Mazatrol Program files at your desk instead of on the Mazak Control in the workshop.
- Display programs in a familiar format to avoid making mistakes.
- Quickly verify and review program changes with Mazatrol file compare.
- When combined with NC-Base 5 and DNC-Max 5 you now have a complete system for managing and distributing all your Mazatrol files with one integrated solution.

Mazak

Your Partner for Innovation

Recommended by Mazak, CIMCO Edit 5 is the professional's choice for CNC program viewing and editing. Download a demo copy today and see why CIMCO Edit is the most popular CNC program editor on the market.

CIMCO Edit 5

The professional choice for CNC Program Editing

CIMCO Edit 5 is the editor-of-choice for professional CNC programmers who demand a reliable, full-featured and professional editing and communication tool.

CIMCO Edit 5 provides a comprehensive set of essential editing tools necessary for meeting the demands of modern CNC program editing.

It has no program size limitations and includes CNC code specific options such as line numbering / renumbering, character handling and XYZ range finder. It also features math functions including basic math, rotate, mirror, tool compensation, and translate. CIMCO Edit 5 offers all the functions expected from an editor including drag-and-drop text editing. Best of all CIMCO Edit 5 is completely configurable and is easily adapted to any existing CNC program editing environment.

Intelligent File Compare

CIMCO Edit 5 features a fast and fully configurable side-by-side file compare.

Faster editing with NC-Assistant

The NC-Assistant makes editing NC code faster and easier than ever.

Graphical Backplotter

The 3D Mill / 2D Lathe backplotter handles your 3-axis Mill and 2-axis lathe CNC programs.

CNC Communications and DNC

Includes DNC capabilities for reliable RS-232 communications with a variety of CNC controls.

CNC-Calc 2 - 2D CAD add-in for CIMCO Edit 5

CNC-Calc is a fully featured 2D CAD solution that works inside CIMCO Edit 5.
